

# 2009 Lenz Sports Complex Brick Fundraiser

Lenz Field & Sports Complex is fastly becoming a major sports attraction in the midwest, as we have over 400 teams playing in our 2009 tournaments. In addition to the hundreds of out of town tournament teams, Lenz Field & Sports Complex is also host to 27 local boys and girls teams ranging in age from 4 to 18. The total number of local athletes in our program is well over 300. The cost associated with maintaining this facility is large. In addition to the various expenses, Lenz Field & Sports Complex has also hired three full-time staff members to run our various programs. JD Long is our tournament director, Bill Strubbe is our league director and office manager, and Richard Henry is our maintenance director. We also have many part-time workers including concession stand workers, summer maintenance workers and weekend tournament assistants. The expenses associated with running this facility include many things ranging from our irrigation system to the lighting of the ballfields for night games. We are also very excited to begin construction on field #4 in the near future. Our plans are to build an all natural field, thus allowing our athletes the opportunity to play on both synthetic and natural fields. Our goal was not only to build a first class facility, but to keep it that way for many many years to come. Finally, we recently constructed a playground to make the enjoyment of our complex even better for the youth that attend the games. This brick fund raising effort will not only get your name and message displayed at our complex forever, but you will also be assisting in helping us pay for the various expenses associated with running our program. I hope everyone agrees that the funds raised through this project will go to several very good causes, and I very much appreciate all your support. **WE COULD NOT SUCCEED WITHOUT YOUR SUPPORT!**

We will be selling the first phase of our brick sales through October 7. These bricks will be constructed on the back of the 1st base dug out of field #1 sometime this spring. They will be constructed under a sign that will read "2009 Lenz Field & Sports Complex boosters". Simply fill out the attached brick form and mail it to our office. Please feel free to make copies of this form to distribute to anyone who may be interested in supporting our program and facilities.

- Tom Lenz - Owner

## Some brick project examples

Cost of bricks:  
 4 x 8 brick: \$45 each (3 lines max.)  
 8 x 8 brick \$89.00 each (3 lines max.)
